- Built and maintained an effective team of student leaders and officials.
- Entrusted with payroll management and human resource management.
- Served as liaison between student organizations and department.
- Improved the marketing, and image of recreational and club sports and helped modernize the intramural department into the wellness center it has become.

Teaching and Advising

I am an adviser for 58 students, served on over 40 graduate committees. I teach 12 credits per semester of Sport Management courses and sometimes coaching classes.

I had a great deal of success with the IDL 190 class and was able to provide mentorship to our freshman cohort. Our fall class again did a terrific job creating a mock trial experience.

Research, Scholarship, or Creative Activities
