PROVIDING A COMMUNITY OF SUPPORT

Students accepted into the TRIO Student Support Services (SSS) program are eligible to live in the TRIO SSS Living and Learning Community (LLC). Being part of the TRIO SSS LLC provides a unique opportunity to connect with fellow TRIO Scholars in order to enhance academic achievement, increase campus involvement, and unleash your potential.

The TRIO SSS LLC is in Great Plains East, one of NSU's newest residence halls. The large room sizes and pod-style living provide an ideal setting for an active social community with convenient access to SSS program amenities and close proximity to peer mentors and SSS staff.

Live alongside nationally certified TRIO SSS peer mentors, who will reach out to you regularly, hold office hours, and offer support, guidance, and friendship. Living in our LLC will also allow preferred access to TRIO program services such as additional tutoring hours, individualized academic advising, and group study sessions.

PROGRAMMING FOR YOU

Success Series

Choose from a variety of educational workshops focused on personal, professional and academic development.

Service Learning

Participate in our One Thing initiative, where TRIO Scholars choose "one thing" each month to support Aberdeen and the surrounding communities.

Leadership and Cultural Enrichment Opportunities

Take part in the TRIO Scholar Association, cultural enrichment events, leadership trainings and educational retreats.

Social Activities

TRIO SSS peer mentors plan engaging socials each month in addition to students getting together regularly to play video games, play board games, watch popular sporting events or binge the latest Netflix series.
